Who uses a secure dog field and why?

People use a secure dog field for a lot of reasons and its not always because they have a reactive dog. Most owners use a secure dog field for the reasons below;

- A safe and secure environment to let their dogs off lead.
- Just want to walk and spend quality time with their dogs.
- Have multiple dogs they want to exercise off lead together.
- Relax on their walk without worrying about people or other dogs off lead.
- Want to be able to train their dogs without distractions.
- Dogs who are fearful or reactive to other dogs, people or cars.
- Dog who have an injury or disability.
- Dogs who have selective hearing.
- Dogs who suffer with intermittent recall or no recall at all.
- To meet up

with family and friends in a safe and secure environment for their dogs to socialise together.

- Dogs who are not good on leads or harness

What to consider before booking a secure dog field.

- Is the field secure?
- Is the space big enough for your dog?
- Is the fence high enough for your dog?
- Is there secure parking for your car?
- Can gates be locked so no one else enters?
- What are the time slots available for booking?
- Does the field have lighting?
- Check out the reviews and recommendations for the field.

We set up our field as we both have dogs with behavioural issues and wanted somewhere safe and secure for them to be let off the lead without the worry of them escaping or meeting other dogs. From this and speaking to other dog owners we realised this was something other people would use for their dogs.

Since we opened in February 2019, we have added agility equipment, a water butt, paddling pools (Summer), straw stack for dogs to climb on, solar floodlights, dog waste bins, free poop bags, picnic table, boot scrapers, disinfectant sprays, hand sanitizer & wipes. We now have a lot of regular users who also enjoy the benefits of using a safe and secure field to exercise their dogs.

Booking our secure field

To book is completed via our website and you can book private sessions which are for you and your dogs only or you can book a group session and invite family & friends to join you with their dogs.

Prices start from £6 and slots are booked in 30 minute slots or 60 minute slots. Once booked a confirmation email is sent with the gate code and instructions. <https://houseofmuddypaws.co.uk/book-our-secure-dog-field/>
